

TOM GIELIS

Senior professional with 18 years of solid experience in Web Design & Development, Web Mastering, Graphic Design and a background in Animation, Web design and Multimedia. Currently in a WebDev training at Obelisk.

I worked for various web agencies and international companies in roles such as Webmaster, Graphic Designer, Front-end Developer, UI Designer. Mostly involved in Corporate digital transformations, content migrations, creation and content management of internal and external websites.

Service-oriented team player and creative problem solver with strong customer relationship skills, flexible, professional and committed to meet deadlines. A dynamic person who appreciates nice colleagues and a positive work atmosphere.
